WELCOME INTRODUCTION

Dear INTED2015 participants,

First of all, thank you very much for coming to this 9th edition of INTED. It is an honour to welcome participants from all over the world.

We are living in a constantly changing society where education, technology and research are the key to the world's development. For this reason, the main aim of INTED is to bring together educational experts under a common objective: to generate innovative ideas to be applied to education and to promote international cooperation and partnership.

INTED is an annual meeting point for educators, researchers, and technology-supported learning professionals. This year, we are delighted to welcome over 600 participants from more than 70 countries world-wide.

We hope that your participation to this conference will provide you with an opportunity to explore different perspectives on education, learn what is currently happening in other countries and share best practices in current educational and research projects.

Madrid, venue of this conference, will give you the opportunity to discover a beautiful city with an impressive architecture, historic monuments and neighbourhoods and a large cultural offer that will make your stay unforgettable.

Thank you very much for coming to INTED2015. We hope you enjoy your time with us!

CONFERENCE SESSIONS

ORAL SESSIONS, 2nd March 2015.

Blended Learning
Augmented Reality & Virtual Laboratories
m-Learning (1)
Entrepreneurship Education
Meet the Keynote
Student Support in Education
New Technologies in Primary & Secondary Education
Learning Experiences in Arts and Music Education

Technology Enhanced Learning (1)
Intelligent Learning Environments
e-Assessment (1)
International Education & Research Projects
Generic & Transferable Skills
Pre-service Teacher Experiences (1)
Experiences in Primary & Early Childhood Education
Experiences in Maths & Statistics Education

Technology Enhanced Learning (2)
Augmented Reality & Technology-Enhanced Learning
e-Assessment (2)
Work Employability
Links between Education and Research
Pre-service Teacher Experiences (2)
Experiences in Primary & Secondary Education
Experiences in Business Administration Education

Technology Enhanced Learning (3)
e-Learning
Learning Management Systems (LMS)
Workplace Learning
New experiences in STEM Education
In-service Teachers
Experiences in Life & Health Sciences
Experiences in Finance & Economics

POSTER SESSIONS, 2nd March 2015.

Experiences in Education

Challenges in Education and Research

ORAL SESSIONS, 3rd March 2015.

University-Industry Collaboration
Virtual Universities & MOOCs
Apps for Learning
Students & Teachers Attitudes towards ICT
Pedagogical & Didactical Innovations
Inclusive Learning
Curriculum Design in Primary & Secondary Education
Technology-Enhanced Language Learning (1)

Computer Supported Collaborative Learning
Next Generation Classroom
Game-based Learning
e-Portfolios & Assessment
Enhancing Learning and the Undergraduate Experience
Special Education
Curriculum Design in Engineering Education
Technology-Enhanced Language Learning (2)

Collaborative Virtual Environments
Flipped Learning
Gamification
Accreditation & Assessment
New Educational Projects and Innovations
Adult Learning and ICT
New Experiences for Curriculum Design
Experiences in Foreign Languages Education (1)

Collaborative & Problem Based Learning (1)
Flipped & Blended Learning
